5. Business arising from previous meeting

- a) Gary advised the Board that he contacted Danielle Woodward as Chair of Australian Canoeing and advised that the CV Board will be formally writing and advising Australian Canoeing that Canoeing Victoria is not in a position to pay the proposed affiliation fee for 2010-2011 and will be offering 1/3rd of our membership fees.
- b) Issues were raised regarding the Sprint Technical Committee from the previous board meeting and the direction the group are taking.

Andrea provided an update to the Board.

Patterson Lakes have started a high performance program - marathon, sprint and surf lifesaving paddlers, with 5 coaches and an exciting program. Mark Leonie and Chris Porter were not interested in working on the committee due to other sprint commitments with their clubs.

The Surf lifesaving event is a fundraiser for the Angelsea Surf Lifesaving Club but is not seen as a Canoeing Victoria event in the eyes of the organisers. AB recommended that we be involved in the event from a promotion perspective but not as the organiser.

It was recommended that the Sprint technical committee positions be called for via the web and directly to Peter Garguilio.

Amendment to the Terms of Delegation – any one event total expenditure of \$3000 without prior approval from Board.

6. President's Report

No Presidents report.

7. Strategic Areas

a) Training, Education and Safety

SS added to the Board Report that Australian Canoeing does not have an Education officer now with the departure of Ian Dewey. SS highlighted the incredible risk this puts to the CV education programs due to the lack of processing, guidance and development of the Coaching, officials and ACAS courses. SS has raised the concerns with the AC Education Committee (Jim Murphy) and will keep the Board abreast of the issue.

SS noted to the Board that Canoes Plus is not renewing their National Training Provider status this year and that Andrew Farrance has approached Canoeing Victoria on how we could work together.
